WORKSHOP

ADVANCED LARYNGEAL and TRACHEAL SURGERY
Live Surgery

April 3rd - April 4th, 2023

Welcome to Ostrava

Dear Colleagues,

laryngeal and tracheal surgery is an important part of otorhinolaryngology. Nowadays, transoral laryngeal surgery is main diagnostic and therapeutic approach in most cases of laryngeal and tracheal pathologies.

We heartly invite you to be part of our course covering all aspects of laryngeal and tracheal surgery, from basic science, to diagnostic and therapeutic approaches,

not leaving out advanced cases and complications.

The aim of the course is to present and discuss with experts everyday cases, as well as difficult cases, surgical approaches used during live surgeries, and offer you tips and tricks of experienced laryngologist.

We are looking forward to welcome you in Ostrava and to experience a scientifically and personally enriching meeting.
